

2027

Hello!

With this Free Trial you get the month of January, plus the weeks and days, and the first divider tab with the first 3 templates.

To see everything that is in the full planner, watch the walkthrough video!

If you have any questions, please send me a message. - Erika

ELEVATE POWER PLANNER

Hello and welcome to your new planner! To learn more about this, please read the information below, and watch the full walkthrough video on my website.

PAPER ICON

This is where you will find the templates and covers which are hyperlinked. Browse the selections and when you find one you'd like to use, simply copy the page and add it after the notebook tab you have chosen. Remember, pages are unlimited and can be duplicated as many times as you wish!

TABLE OF CONTENTS ICON

Use this area to write out the contents of your notebook. The numbered boxes are hyperlinked and will take you to the appropriate section.

STAR ICON

This is the quick note page. It is a dedicated space where you can put all of your thoughts and ideas that you don't have time to sort into a dedicated space yet.

27 AND 28 ICONS

Selecting either of these icons will take you to the At A Glance planning section for that particular year. Remember that only the dates from January - December 2027 will be hyperlinked, however this planner does begin Monday, December 21, 2026. You can swipe back from the days or weeks to access the hidden weeks if needed.

HYPERLINKS

With this planner, everything is hyperlinked. On the monthly calendars, the hyperlinked week numbers can be found in the little circles. I use the ISO week numbering system which means the "week" begins on Monday. When tapped, it will take you to that week.

FREE STICKERS

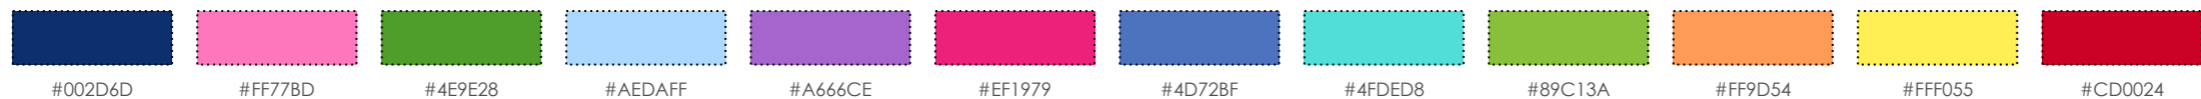

Use the links below to visit my website where you will find over 10K free stickers. The stickers are for customers only and the password to access them is MAGIC I also have additional freebies, tutorials and more.

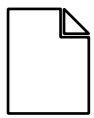

TIPS AND TROUBLESHOOTING

1. Be sure to download my troubleshooting and tips PDF that was included in your downloads. It has many short, helpful videos for common questions.
2. On my website I have so much content to help you; videos, FAQ, links to helpful sites, etc so please visit if you need help.
3. Always have auto-backup turned on, or back up regularly.
4. If your app is not behaving as it should, make sure your device and app have the most current updates.
5. If your app is still not behaving as it should, go to the app's website and look for "known issues" to solve your problem.
6. To make sure you are using all of the features of this notebook, be sure to watch the walkthrough video I made. It is available on my website and YouTube page.
7. If you need any help, please reach out! I am always happy to help.

COLOR

Below are all of the colors used in this notebook with their hex codes in case you would like to design your own graphics, or add them to your pen color presents.
